I was really shocked and upset about possibility of sale of Picturehouse BSE. For me it is a unique experience that has given the pleasure of cinema going to

(1) groups of people with their clubs eg toddler time, slackers club, children with accompanying adult (pythons)parents /carers with babies under 1. silver screen for older clients, special screening for autistic. It is a really inclusive place.

(2) offers a huge range of films from very popular but also documentary/foreign films (discover Tuesday)

(3) With screen arts one has the opportunity of seeing National Theatre, Met opera, the Globe, Glyndebourne, Royal Opera House performances as well as opportunities of seeing major London exhibitions.

(4) it is comfortable and relaxed with good cafe and restaurant to relax, chat about ones experience.

Picturehouse offers far more than your usual multiplex cinemas. It is INCLUSIVE, EDUCATIONAL and ENJOYABLE/SOCIABLE at a reasonable cost offered in a relaxed, comfortable ambiance.
