**Subject:** Bury St Edmunds Hatter Street cinema proposed closure

Dear Sirs,

I am writing since I have heard with dismay that this small cinema, which has recently been updated and refurbished is to close or already has done.

I would like to point out that it served the community well both from an inclusive point of view and mainly from my point of view, that it showed more unusual, sometimes foreign, interesting films which are beyond the mainstream which are shown at the large cinema in the town. I have often frequented this cinema greatly in preference to the other adjacent to Parkway. Please make sure this cinema remains open.

Yours,

J. Lowless, B.A. Hons

Bury St Edmunds
