Subject: In response to the Competitions commission for Bury St. Edmunds Picturehouse

Hello,

I am a 20 year old student and I love going to the Bury Picturehouse so was shocked to hear these reports. It is one of my favourite places to go even before the renovation but now with the new bar and cafe it makes it even better. It is such a nice alternative to the multi-plex cinemas in every town.

The competitions commission I guess key aim is to create fair competition but by forcing this Picturehouse to shut what it is doing for me and many many others is closing down competition of choice as I have never liked to go to cineworld. The staff are always friendly and helpful and the cinema always has a great selection of films with just a general nicer and more comfy atmosphere about the place. I have never written anything like this before but feel this is such an important cinema it simply can't shut. Please reconsider these findings not for cineworld or even for Picturehouse sake but for the sake of us the local residents who benefit massively from this cinema.

Thank you

Tim Jennings

PS In response to your plan the cinema that is currently owned by picturehouse has in the past been owned by others who have not given an alternative to the multiplex cinemas. Picturehouse has got it just right and I feel no one in Bury St. Edmunds would want this to close. This proposal doesn't seem to be wanted by any of the local residents to which I assume this proposal is primarily meant to benefit. I hope mine and many other response you have received will change the primary recommendations to keep our local picturehouse open.
