

**Polaris U.K. Limited response to PMI formal consultation on modified draft order**

I am not sure if you need positive statements regarding the change of implementation date to 1<sup>st</sup> August 2016, therefore I am writing to confirm that we welcome the revision to the date and would like to thank CMA for responding positively to industry feedback on this issue.

Hopefully the updated explanatory notes that are to be issued with the Final Order will resolve any outstanding questions that were raised on scope and application of the Order and we look forward to receiving these.

Polaris U.K. Limited
